

Short-Term Training Projects

Through EPPIC Training Projects, we teach other organizations/churches to utilize mime as a tool to reach people with the Gospel message. We train teams at their location to perform EPPIC's 15-minute core sketch, Forgiven By His Love (FBHL). This sketch can be used in almost any setting. In some instances, a team can be trained to present EPPIC's 30-minute presentation, which begins with FBHL and includes five other sketches and an outro. All sketches have a musical sound track. On average, it takes between 30-40 hours to train a team into FBHL and/or the 30-minute presentation.

We then lend the team props, costumes and makeup to give them everything they need to operate like an EPPIC Mime Ministry Crew. All training projects have a start date when training begins and an end date when the team's mission is over. After this, all props, costumes, and makeup kits are returned to EPPIC Ministries International, Inc. pursuant to EPPIC's training project agreement.

Interested in retaining us to train your team for outreach, using EPPIC's Gospel in Mime tool? Go to our Connect page and use the Booking button to retain EPPIC.
