

# EPPIC™

THE GOSPEL IN MIME

## State Ministry Crews

Included within our mission to use the performing art of mime more extensively and strategically is our vision to develop an EPPIC mime ministry crew in every state. Patterned after our EPPIC Minnesota state ministry crew, it starts with one interested individual volunteer who is willing to serve as the crew's director. EPPIC will partner with each director, provide training through a relational four step process. Within this process, EPPIC will equip and outfit the crew within a specified time frame that is conducive for the Director and the crew being trained.

To book EPPIC go to our Connect page and use the Booking button to share your information and indicate your interest.
